

# Graves Park - marked flat stone

Tony Spillane  
8<sup>th</sup> July 2019

# Marked flat stone

- A flat stone, approx. 300 x 200mm, is located on the edge of the footpath that runs from the Old London Road to south east corner of field 503.
- There seem to be several types of markings on the stone, both straight lines and circular.
- The stone is well secured in the ground, its top face being approximately level with the ground.
